

GRAND FORKS COMMUNITY CIRCLES

Welcome to your Grand Forks Community Circles Kit, an interactive way to get engaged with your Official Community Plan (OCP). The City of Grand Forks is currently undergoing an OCP update, and we want to hear from you! We have included several different activities to get involved and give us your feedback, whether you only have 15 minutes or want to have a lively discussion around the dinner table. All opinions and ideas are welcome - so get involved in this once-in-a-generation opportunity to influence the future of Grand Forks!

In addition to updating the OCP, the City is taking on several other initiatives which will be rolling out in the following months. These other projects include:

The community will be engaged on these important projects and topics in the coming months either alongside the OCP Update project or separately. Stay tuned to City updates as it's sure to be a busy year!

WHAT IS AN OCP?

An Official Community Plan (OCP) is a long-term vision for a community. An OCP is the key plan for the future of the City of Grand Forks. An OCP is a series of policies and objectives that guide future decision-making of the City and has legal status as the highest-level plan in the City. The OCP sets forth the vision through policy and the Zoning Bylaw implements that vision through more detailed regulations on development and land use. A Zoning Bylaw regulates how land, buildings and other structures may be used. The Zoning Bylaw is the major implementation tool for the Official Community Plan.

HOW DOES ENGAGEMENT WORK DURING COVID-19?

COVID19 has had profound effects on our communities, the way we live, and the way we interact with others. It is also an opportunity to reflect on the type of community we want to live in and how we define resilience. Normally, gathering with others in our community provides the opportunity for lively discussion on important topics, and we understand this can be challenging during the Covid-19 pandemic. We encourage you to reach out to others while respecting social distancing rules, and this is a great time to take advantage of technology such as video conferencing, a phone chat, or even discussing within your social bubble during your favourite outdoor activity. Everyone who is connected to Grand Forks is encouraged to participate in this consultation process, and we ask that you please make sure to follow official health guidelines during this challenging time.

This Community Circles Kit provides you the opportunity to think critically and give us all your ideas and thoughts. The OCP can affect many aspects of your community. Some of the areas of focus for this update include:

-  Housing choice and affordability
-  Infrastructure (sewer, water and roads)
-  Active transportation (walking & biking routes/trails)
-  Environmentally sensitive areas and natural hazards
-  Vibrant market district / downtown core.

This kit includes the following:

1. Bingo debate board
2. Blank sheet to accompany the bingo board, for writing down your ideas
3. Create your Vision of Grand Forks Map
4. Community Survey

HOW TO COMPLETE YOUR KIT

The OCP Update project team will listen to all voices during the project. The team will gather all feedback into a comprehensive understanding from citizens of the local values and priorities for the future of Grand Forks that will assist in guiding the policy updates in the OCP. The team has the exciting challenge of bringing together a host of ideas, best practices and perspectives, including: community values and priorities, Council direction, staff direction, consultant team member expertise, and latest best practices in community planning.

HOW TO SUBMIT YOUR COMMUNITY CIRCLES KIT

BINGO DEBATE BOARD

The idea behind the bingo debate board is to get your creative ideas flowing. Each square represents an idea or aspect of your community. The questions are intended to be one-sided in order to solicit a response from you and get your mind thinking of ideas and solutions.

When responding, keep the following ideas in mind:

- **What are your thoughts on this idea?**
- **What are your innovative solutions to this problem or ideas to make it better?**
- **Are there things you love about it? Things you want to change?**
- **How do you see this idea evolving in the future?**

Try to respond to as many squares as you can, no matter what the ideas are. Once you have an idea, mark your square - let's see if you can get the full card!
