

NORTH RUCKLE DESIGN CHARRETTE

UPCOMING EVENTS

Grand Forks is working with the community and experts to design a floodplain restoration for the North Ruckle area between the Kettle River and 68th Avenue. We are looking to the community to gather stories, memories and ideas to honour the past and the present and develop a functional floodplain for the future.

As a community, your contribution is important to us and the information and ideas we collect will be used to help shape this design.
