REQUEST FOR DECISION

— REGULAR MEETING —

To: Mayor and Council
From: Procedure Bylaw / Chief Administrative Officer
Date: June 19th, 2017
Subject: Reports, Questions and Inquiries from the Members of Council
Recommendation: **RESOLVED THAT ALL WRITTEN REPORTS SUBMITTED BY MEMBERS OF COUNCIL BE RECEIVED.**

BACKGROUND: Under the City's Procedures Bylaw No. 1946, 2013, the Order of Business permits the members of Council to report to the Community on issues, bring community issues for discussion and initiate action through motions of Council, ask questions on matters pertaining to the City Operations and inquire on any issues and reports.

Benefits or Impacts of the Recommendation:

General: The main advantage of using this approach is to bring the matter before Council on behalf of constituents. Immediate action might result in inordinate amount of resource inadvertently directed without specific approval in the financial plan.

Strategic Impact: Members of Council may ask questions, seek clarification and report on issues.

Policy/Legislation: The Procedure Bylaw is the governing document setting out the Order of Business at a Council meeting.

Recommendation: **RESOLVED THAT ALL WRITTEN REPORTS SUBMITTED BY MEMBERS OF COUNCIL BE RECEIVED.**

- OPTIONS:**
- 1. RESOLVED THAT ALL WRITTEN REPORTS SUBMITTED BY MEMBERS OF COUNCIL, BE RECEIVED**
 - 2. RESOLVED THAT COUNCIL DOES NOT RECEIVE THE REPORTS FROM MEMBERS OF COUNCIL.**

Beverley Tripp - Councillor's Report for June 19th, 2017.

Memo on Events Breakdown of In-Kind Services

I was pleased to see this report by our Manager of Operations on the May 15th COTW Agenda. Further to my request to have this topic added as an agenda item last Fall, Council requested a report from staff earlier this year. I had said that it would be beneficial to have a report that could provide a more comprehensive financial picture of City-held events, and “determine where the city could further support the volunteer efforts of groups and clubs that generate so much interest in Grand Forks as a summer destination.” I felt this was an important function for council to undertake, not only for fiscal responsibility, but also for civic responsibility. The report as presented was basic due to yet-to-be implemented accounting procedures, but it has provided staff and council with a great starting point in determining how events impact the City in areas such as value to the community, size, how much “in-kind” service the City provides to them, etc. Another vital factor the report will reveal is where optimization of resources can provide the best possible event experience for both residents and visitors to Grand Forks alike. With another summer chock-full of volunteer-run events upon us, we will be better equipped to understand the needs, and have a greater awareness of the impact of volunteer work to benefit the City, and the City’s in-kind services that help keep these vital events happening.

Public Works Day

In celebration of Public Works Day, on June 8th the Public Works crew opened their doors down at the public works yard to show off their equipment and expertise, and hand out hot dogs and refreshments to visitors. Along with a good turn-out from the general public, several classes from Dr. D. A. Perley and John A. Hutton elementary schools went down to take in all the fun. Children young and old got hands-on experience with many different pieces of equipment. Activities such as climbing up into the new fire truck, using a fire hose to douse spinning signs, operating a crane with a smiley-faced beach ball attached, hopping through the back of an ambulance, operating a backhoe to grab a bucket of sand kept the group of Grade 5 children I chaperoned through the tour totally entertained. The highlight of the event for some, I was told, was the tour of the wastewater treatment plant. I would like to commend the Public Works crew and City staff for an excellent and creative presentation of their departments!

Respectfully submitted,

Beverley Tripp

Councillor's Report

June 19, 2017

Julia Butler

Public Works day this year was another huge success! I really enjoyed touring the different stations with Mr Stewart's grade 5/6 class. Not only did the kids have fun but they learned a lot as well. We got a guided tour of the sewer facility, wrangled a fire hose, learned about mapping and GIS and rode in the bucket truck. Staff did a great job of making this an interactive experience and serving up some tasty snacks as well.

The Rec Commission has almost come to a final decision on the deck resurfacing that will proceed this August. At this time we have been unable to secure a contractor capable of tiling the deck so we possibly will refinish it with the same surface that is already being used. A thicker surface would be used this time to prevent chipping. Final decisions will be made at the beginning of July. I stopped by the pool as well to join the celebration of their 30th year. Pictures on the wall were a testimony to staff that love their job, as many of them have been there since the facility opened.

Respectfully submitted,

Julia Butler

Downtown Business Association

The DBA presented to the COTW on May 15, requesting continued round table discussions with council and recapped the work that the DBA had accomplished during the past year. They didn't intend to discuss the problems with the chamber, but rather, the merits of the Downtown Business Association. The city provides the chamber with fee for service funding in the amount of \$20,000 annually and the chamber sets \$5,000 aside for the DBA from these funds. Because of the uncertainty of the chamber, especially in light of their 2017 AGM held in March, the DBA had concerns regarding the security of their funding and requested that the city fund the DBA the \$5000 directly, bypassing the chamber. I wasn't in attendance for this meeting, but did view the video the next day and I was shocked and disappointed at the direction this meeting took, and the behaviour of 2 councillors, who walked out of the meeting, leaving council with no quorum. They were overheard by a member of the DBA, who was in the gallery, that if the discussion turned to the chamber, they would walk out. This kind of unprofessional behaviour has no place in council chambers and is very disrespectful. When the DBA delegation left the COTW, they felt extremely slighted and came away with no response to their asks.

The BCRCC and the DBA represent the business community and it's unfortunate that in recent months, members of council who have had no previous connection with either group, have politicized both.

Boundary Country Regional Chamber of Commerce

The board of the Downtown Business Association held a follow-up meeting on Tuesday, May 30 to discuss the results of the Special Meeting held on May 29 between the Boundary Regional Chamber of Commerce and City Council to discuss their AGM and the fact that the bylaws were not followed and they didn't have a quorum to conduct the meeting. James Wilson was invited to attend as a result of his willingness to step in as interim executive director until such time that a new one is hired, as he stated at the COTW. The DBA believed that James, as past executive director, would be able to restore the chamber to where it was 2 years ago, prior to his leaving, and reconnect with the business community. The new president of the BCRCC, Dean Engen, appeared at the meeting soon after it was called to order, wanting to

answer any questions the board may have and suggested that they put the past in the past and move forward from this point on. The board expressed concern that too much damage had been done since the AGM, with inaccurate information being relayed to the public regarding the DBA. Dean had given a radio interview with Juice FM stating that the DBA had never provided the chamber with any minutes or communicated with the chamber. Both our past chair and the chamber liaison disputed this since minutes were sent to the chamber's executive director every month and the chamber liaison reported to the board each month. Dean said that he would gladly be re-interviewed and release the correct information and apologize for the miscommunication.

The board also explained that they have been unsuccessfully trying, for the past 3 months to obtain the balance of their Fee for Service Agreement with the chamber for the 2016/17 fiscal year and that after their AGM, the chamber froze their funding. This is critical, especially at this time when they're in the middle of their Heritage Sign project. This has put the DBA in a limbo situation because they were counting on this funding to pay for the walking tour brochures and assist with the horizontal signage. Dean promised that he would get to the bottom of this and would have a balance for the board by the end of the week and guaranteed that the funding would be forthcoming, with a cheque to be delivered by him personally.

As of the writing of this report, there has been no official communication from the chamber, although, the minutes from their most recent board meeting on June 8th indicate that the board voted to end their fee for service agreement with the DBA retroactively, effective May 31 and revert the remaining funds back to the chamber. It should be noted that the Fee For Service Agreement between the DBA and the BCRCC is dated August, 2016. The board also voted at this meeting to sever their relationship with the DBA and not engage in another Fee for Service Agreement for the next fiscal year. The funds earmarked for CANADA DAY projects, which the DBA and the Canada Day committee applied for and which were approved during their May meeting is still in question.

Grand Forks International

The board and volunteers are heading into the home stretch with preparations for this year's tournament. Volunteers are still needed and can go to the GFI website or FB page for contact information. They can also contact me and I'll pass on the information.

Along with the great prizes donated for the 25 Bingo games, and the 50/50 cash draws, there will also be 4 additional draws on Canada Day for \$150 each to celebrate Canada's 150 Birthday.

City crews have done a great job of sprucing up JD Park and the fresh coat of paint on the bleachers looks great.

I have been involved with the GFI since 2004, but after sitting on the board this year and seeing firsthand what it takes to put on an event of this magnitude, I'm in awe of the past and present committee members, team leads, and volunteers who dedicate/d so much time to make it one of the most successful tournaments in North America. This event truly makes Grand Forks proud.

Public Works Day

There were many children attending the Public Works Day again this year; learning how the machinery works and what our works crews do for their city. It was especially great to see the hands on displays that tested their abilities. This is a great event and a wonderful opportunity for the community to get an inside look at what it takes to keep our city operating.

REQUEST FOR DECISION

— REGULAR MEETING —

To: Mayor and Council

From: Deputy Corporate Officer

Date: June 19, 2017

Subject: Extension to Noise Bylaw No 1963 for Cannafest Event

Recommendation: **RESOLVED THAT COUNCIL DETERMINES TO APPROVE THE REQUEST TO EXTEND THE NOISE CONTROL BYLAW NO. 1963 TO 1:30AM, FROM AUGUST 10TH to AUGUST 12TH 2017, FOR THE CANNAFEST EVENT.**

BACKGROUND: The third Cannafest event will take place from August 10th to August 12th, 2017 and will require a noise extension during the event at James Donaldson Park.

In 2015, a noise extension was requested and approved by Council. The City received one noise complaint that year.

In 2016, a noise extension was requested until 12:30am and approved by Council. The City received no official complaint that year.

The City's Noise Control Bylaw No. 1963, Section 4.4 (b), states "any amplified music or speech which is audible outside the property where it originates or is reproduced", should be kept between the hours of 7:00am and 11:00pm. Therefore the Cannafest organizer is requesting that Council under Section 5 (h), of Bylaw 1963, grant an exemption for the Cannafest Event from August 10th to August 12th, 2017, to the Noise Control Bylaw NO. 1963. And further, extend the noise restrictions from 11 pm to 1:30am on those days.

The Park has a capacity of 5,000 for an event such as Cannafest. Cannafest will be hosting approximately 3500-4500 people in the park.

Benefits or Impacts of the Recommendation:

General: Support a community event

Policy/Legislation: Bylaw No 1963 – Noise Control

Strategic Impact: N/A

-  Additional revenue for the community as a whole
-  Attraction to the community is increased

REQUEST FOR DECISION

— REGULAR MEETING —

To: Mayor and Council

From: Manager of Development and Engineering Services

Date: June 19, 2017

Subject: 7716 Donaldson Development Variance Permit

Recommendation: RESOLVED THAT Council approve the Development Variance Permit application by allowing an increase in the residential portion from 30% to 50% floor area in a building zoned Neighbourhood Commercial at 7716 Donaldson Drive, legally described as Lot B DL 520 SDYD Plan KAP86374.

BACKGROUND:

- The owners of 7716 Donaldson Drive, legally described as Lot B DL 520 SDYD Plan KAP86374, wish to **increase the residential portion of the building** from the 30% maximum in the Neighbourhood Commercial (SD, Zoning Bylaw 1606) to 50% to accommodate additional suites.
- The building has approximately 653 m² (7031 sf) of interior space on three stories. About 195 m² (2100 sf) is currently designated for residential purposes and the owners propose to increase the dwelling area for an additional suite to 326.55 m² / 3515 sf, enabling two suites on the main floor, two suites upstairs, and accessory use for the owner's suite (storage, office, guest room) in the basement. Future commercial space would include the front portion of the main floor as well as accessory use of a portion of the basement.
- **Offstreet parking** requirements in the Zoning Bylaw for the proposed use would be two spaces for the main dwelling unit and one space per suite, for a total of five parking spaces. Parking requirements for the future commercial use will depend on the configuration and specific class of building/use. For example, convenience stores require one space for every 45 m² of retail floor space plus one space for each employee per shift. The 0.281 hectare (0.696 acre) parcel has sufficient space on the south, north and east of the building for all parking spaces potentially required (see map)
- The property is located in the Donaldson Drive Transition District Development Permit Area (DPA) in the Sustainable Community Plan (SCP). The proposed use does not affect the outward character of the building or lot so it **does not require a Development Permit**.
- At this time a site profile does not need to be submitted because, under section 4(7) of the Contaminated Sites Regulation of the Environmental Management Act, "An applicant for a development permit or a development variance permit is exempt from the duty to provide a site profile under section 40 (1) (b) (ii) of the Act if the activity which the permit allows does not involve any disturbance or excavation of soil."

REQUEST FOR DECISION

— REGULAR MEETING —

Benefits or Impacts of the Recommendation:

Strategic Impact:

-  Supports development and utilization of unused commercial space for rental suite purposes
-  DVP process provides for engagement with affected parties and stakeholders
-  Increases number of rental suites available in the City, while still accommodating commercial use as zoned.

To: Mayor and Council

From: Manager of Development and Engineering

Date: June 19, 2017

Subject: 6581 7th St Development Variance Permit (DVP)

Recommendation: Council approves the Development Variance Permit application by allowing a reduction in the front parcel line from 6 metres to 1.83 m for an addition on an existing non-conforming house and a reduction in the exterior side parcel line setback from 4.5 m to 1.5 m for reconstruction of a workshop on the same foundation, for the property at 6581 7th St, Lot 1 Block 33 DL 534 S.D.Y.D. PI 108.

BACKGROUND:

- The owner of 6581 7th St in South Ruckle, legally described as Lot 1 Block 33 DL 534 SDYD PI 108, is seeking a variance to the front parcel line yard setback from 6 metres to 1.83 m for an addition on an existing non-conforming house, and a variance to the north exterior side parcel line setback from 4.5 metres to 1.5 m for reconstruction of the workshop on the existing foundation.
- This variance will be registered on title and could affect potential future road or road right of way infrastructure development on 7th St or 66 Ave.
- The owner is also planning to move the shipping container currently on 66 Ave onto the property, and construct a fence along the north and east property line.
- The property is located at the corner of the unpaved section of 7th St and undeveloped portion of 66th Ave, immediately south of the Grand Forks Railway right of way beside Interfor. Some people drive across the corner of the property due to the narrowness of the corner of 7th and 66th, which the owner would like to prevent.
- The property is within the 200 year floodplain, with an elevation of 513.9 m by the house, which is 1.1 m below the 200 year flood elevation of 515 m. The foundation will need to be built up so the underside of the floor system is above this elevation.

Benefits or Impacts of the Recommendation:

Strategic Impact:

- 💰 DVP fees recover costs of facilitating permits
- 👤 na
- 🗣️ DVP process provides for engagement with affected parties and stakeholders
- 🏠 Improves quality of housing stock

Attention: Mayor Frank Konrad

Dear Mayor Konrad,

My name is Dennis Chappell, and I represent a company called Apple Tree Entertainment. My title is Creative Director, and I would like to offer my services, to create a video that will draw in more people to the Grand Forks area.

Outline of Project

What is the project about?

The project is about Grand Forks having a timeless video of it's very own randomly looping stock footage of all the beauty and lifestyle choices Grand Forks has to offer.

What will this accomplish?

By using an online data base such as youtube and social media platforms, the project will give Grand Forks a chance to increase its ratings in tourism and economic growth, drawing more people to come live and play in the Grand Forks area. It would also be an attractive feature to have located inside any Grand Forks business facility, tourism centre, hotel lobby, or nearby airport to entertain and inspire guests as they wait.

What projections will be targeted at?

Employment opportunities, city destinations, leisure activities, nature & wildlife, events, culture, camping and other close by destinations.

Here is an example of one made for The City Williams Lake B.C.

<https://www.youtube.com/watch?v=9iTy8EELmrY&t=0s>

Deliverables

How many completed videos will you get?

There will be one completed video looping footage of the Grand Forks area. However, the video could be adapted for various markets in the area. such as; Employment, Tourism, Culture, Education, Healthcare and on the Grand Forks community website.

What will the total length of the video be?

The video will be around 5 minutes in length.

How will you be delivering this video?

The video can be delivered in three formats; Flash Drive, DVD, or E-mail. though, E-mail has become more of the standard way of delivering video files.

To Whom It May Concern:

It is my pleasure to recommend to you Mr. Dennis Chappell who has been appointed by Ambassador RV Services Ltd. since June 2014 for various freelance projects.

One day, Dennis Chappell walked into our office, offering his video/photography services. Tactful, proper attire, well-mannered + eloquent, he quickly won over the charm of the office.

His business proposal was thorough, delivered promptly and in a professional matter. His project fees are of fair market value.

In my many years of running a business, I have seldom come across a more discreet + charming young professional who has proven what his passion + work ethics are all about. Dennis is a very detail-oriented, defined, punctual, responsible + reliable individual.

Since our business is growing and changing all the time, we will always entrust Dennis with any future photography/video projects we might have.

If you wish to discuss more attributes in detail, please feel free to contact me at any time.

Sincerely,

Jutta Wegener
Director General Manager

About the Route 97 Touring Program

Discover Route 97 — Be Curious...

The Route 97 Touring program, Discover Route 97 is a joint partnership between the Thompson Okanagan Tourism Association (TOTA) and the North Central Washington Economic Development District (NCWEDD). This partnership has the full and active support of elected officials from three counties and their cities in Washington State (Okanogan, Chelan, and Douglas), the elected officials from the three Regional Districts and their communities in British Columbia (RDOS, CORD, NORD), the Colville confederated Tribes and the Okanagan Nations Alliance. Part of our mission is to promote this unique region, with particular emphasis on the Interior Cascades section of the Highway 97 corridor and all its tributaries, for the benefit of all its varied communities.

Mayor Konrad & Councilors
Corporation of the City of Grand Forks
Box 220
Grand Forks, BC V0H 1H0

Dear Mayor Konrad and Council,

Re: Grand Forks Canada Day Celebration

On behalf of the Canada Day Committee, I am writing to invite you to participate in the Opening Ceremonies for the Grand Forks Canada Day Celebrations to be held in City Park on July 1, 2017. The ceremonies will start at 11:00 a.m. in City Park. The Parade will begin at 10:00 am starting from Dick Bartlett Park parking lot. It will end at Selkirk College parking lot and The Colour Party Procession will join in on 5th Street and turn right on 4th Street to City Park stage area for Opening Ceremonies at 11:00 am.

Mayor Konrad is invited to be the Emcee and entertainment Co-Chair for the celebrations that will run until 3:30 pm. We hope that Mayor Konrad can fashion a few words to our guests along the lines of the theme; "Celebrating 150 Years of Diversity"

We invite two Council Members to assist with serving the Canada Day cake at 12:30 pm.

Thank you for the assistance the City has provided in previous years and we look forward to your participation in this exciting event again this year. Please confirm your attendance by contacting Anna Lactin from Community Futures Boundary at 250-442-2722 or email anna@boundarycf.com as soon as possible and if you have any questions or concerns.

Yours Truly,

Anna Lactin
Chair, Canada Day Committee

May 31, 2017

Dear Mayor Konard and Council:

I was driving into town in the early part of May and I noticed an accumulation of water at the intersection of 2nd Street and Central Avenue. At first I believed that the water was seepage from the rising river that had pushed up through the pavement in that location (something that I had never seen before). Upon further investigation, I noticed that the water was bubbling up from a water main shut off situated at that location. Certain that someone would report it to the city or that city crew would notice the water leak, I took no action in regard to that matter. On Tuesday, May 30, I returned from an out of town trip and was dismayed that water was still pouring out on the road at that location. It is now a month since I first noticed the water and obviously it has been pouring out twenty-four seven for that period of time. I did go to the City website and indeed City Council is aware of the problem and I am sympathetic with the delay in repairs. There is no doubt that the problems created by the near record high water levels are daunting for City crews to deal with.

However, when I was involved in the water meter debate, I expressed doubt that the City's numbers on water usage were reliable. I questioned the City's assertion that high water consumption was due to citizen negligence or careless use of the resource. This recent observation reinforces my doubts and affirms my belief that there is significant loss of water through leakage prior to it reaching the consumer. If the City is truly interested in water conservation, I suggest that you attend to the obvious leaks as soon as possible and make some effort to detect those that are not so obvious.

Furthermore, I see from media reports that a debate is beginning on setting water meter rates. I would like to remind Mayor and Council that the citizens of Grand Forks were promised a year of mock billing prior to the setting of rates and that a committee would be formed to determine parameters upon which the rates would be based. Obviously since the mentioned committee was dissolved this is not happening. I would urge Council to reconsider and reestablish the committee. I for one would welcome the opportunity to sit on such committee. At the very least, I would welcome an open "town hall" meeting whereby citizens would be given the opportunity to provide input in regard to the new rate structure prior to its imposition.

Respectfully your,

Frank Triveri (Taxpayer)
