**RE: TELUS investing \$1.2 million in Grand Forks in 2015**

**April 23, 2015**

Grand Forks, BC – The City of Grand Forks was pleased to learn today that TELUS will be investing \$1.2 million in Grand Forks. This investment includes an increase in wireless speeds and expanding coverage, enhancing internet capacity, helping deliver better healthcare outcomes through technology, fostering new Internet of Things solutions for businesses, and enhancing TV services.

“This project is a great news story for our community,” Mayor Frank Konrad said. “We’re really excited about this project as access to this technology will help spur growth and create opportunities in Grand Forks, now and in the future. Our residents and businesses will benefit from the faster internet speeds and enhanced communications and entertainment services.”

This investment meets the growing demand for high-speed Internet services, 4G LTE, and Optik TV services. Communities with enhanced services have seen new businesses, more work-from-home opportunities, distance learning and other benefits.
